Dear shareholders of the Winchester Hills Water Company,

Other than covid, it has been a very uneventful year in the water company. There have been some small water leaks, but nothing big. Both wells are operating without any problems, “knock on wood.” The board is actively working on acquiring critical components and supplies to have on hand, which the water company needs to operate and not be at the mercy of the supply chain, with the goal of being able to supply water to the community.

We have just finished acquiring the major components for our 160 kw solar array, almost 500 panels, which when completed will supply the water company with about 40 percent of our power needs, and will help us to control the cost of our power for the next 25 to 30 years. This will help us to keep our water rates as low as we can. We expect to have it producing power by this time next year.

It is also time for our annual shareholders meeting. It will be held Thursday, March 17th, at 7:30 pm at the Fire Station. Board members Chad Shepherd, Ferris Emery, and Milt Thompson have come to the end of their terms, and all 3 have chosen to run again for another term. We welcome anyone else who wishes to run for a seat on the board of directors. If you or anyone you know is interested in running for the board, you will need to contact Tony Montella at 435-680-0980, the chairman of the nominating committee, to be placed on the ballot. There is also a place on the ballot for write in candidates. This packet also includes a proxy statement and ballot showing the community members who are running for the board of directors. You may sign the proxy statement and complete a ballot. In this case your vote will be counted as an absentee ballot. Prior to the shareholder’s meeting you will have the option to sign a proxy statement and to assign your voting rights to a fellow shareholder who will be attending the meeting and casting your vote on your behalf. For more company information, we encourage you to visit the company website at www.winchesterhill.com.

Sincerely,

Allen Davis
President of the Board of Trustees
